

Cumulative Index

Volume 35, Numbers 1-4, 1992

- Abortion, ethical issues in. *See* Ethics, obstetric
- Abruptio placentae, ultrasonography of, 527
- Adhesiolysis, hysteroscopic, 235
- lasers in, 247
- in office setting, 276
- resectoscope in, 254
- AIDS in pregnancy, ethical issues in, 813
- Albumin
- infusions of, and fluid management during labor, 514
- urinary, in preeclampsia prediction, 360
- Alcohol intake
- in pregnancy, and ethical challenges in medical care, 803
- and premenstrual syndrome, 676
- Alexandria unit of uterine contractility, 546
- Alpha-fetoprotein, in preeclampsia prediction, 358
- Alprazolam, in premenstrual syndrome, 634, 664
- Amino acid levels, in intrauterine growth retardation, 126
- γ -Aminobutyric acid receptors in brain, progesterone metabolites affecting, 612
- Amniotic fluid volume, and intrauterine growth retardation in oligohydramnios, 126, 172, 185
- Amniotomy, affecting labor and fetal status, 535
- cAMP, affecting uterine contractility, 494
- Ampullosalpingoscopy, 300
- Analgnesia in labor
- after prior cesarean section, 445
- agents affecting uterine activity in, 457
- Androgens, as therapy for menopausal symptoms, 884
- Anencephaly
- and concepts of brain life and brain death, 720
- and infants as organ donors, 821
- management in third trimester, 792
- Anesthesia management, in preeclampsia, 414
- Aneuploidy, fetal growth patterns in, 119
- Angiotensin sensitivity test, in preeclampsia prediction, 355
- Anticonvulsants, in eclamptic seizures, 366
- Antidepressants, in premenstrual syndrome, 634, 664
- Antithrombin III, 339
- serum levels
- in preeclampsia, 343
- in pregnancy, 340
- as therapy in preeclampsia, 347
- Asphyxia at birth, antenatal existence of, 126
- Aspirin, in preeclampsia prevention, 352
- Atenolol, in premenstrual syndrome, 664
- Atherosclerosis, postmenopausal estrogen therapy affecting, 894
- Balloon catheters, for cervical ripening, 476
- Barbiturates, affecting uterine activity in labor, 457
- Behavior patterns, fetal, assessment of, 185
- Behavioral therapy, in premenstrual syndrome, 690
- Bellergal-S, as therapy for menopausal symptoms, 884
- Benzodiazepines, affecting uterine activity in labor, 457
- Bethesda system for cervical/vaginal cytologic diagnoses, 22
- Biophysical profile, fetal, 185
- Biopsy, fine-needle aspiration, in gynecologic tumors, 73
- Bisphosphonates, in osteoporosis, 901, 913
- Bleeding, vaginal, and endometrial sampling guidelines, 28
- Blood flow studies in pregnancy
- Doppler velocimetry, 155, 357, 387
- in hypertension, 387
- in intrauterine growth retardation, 126, 155
- in preeclampsia, 375
- uteroplacental, 108
- Blood gases, in fetal hypoxia, 126, 185
- Blood pressure
- in early pregnancy, and risk for preeclampsia, 354
- portable monitoring devices in pregnancy, 395
- studies in preeclampsia, 375
- Bone
- densitometry of, 901, 913
- life cycle of, 901
- Brain life and brain death, concepts of, 720, 821
- Braxton-Hicks contractions, 546
- Breast cancer, risk in estrogen therapy, 871, 923
- Breech presentation
- ultrasound guidance in, 527
- vaginal delivery in, 559
- Bromocriptine, in premenstrual syndrome, 634, 664
- Bupivacaine, affecting uterine activity in labor, 457
- Buserelin, in premenstrual syndrome, 655
- Buspirone, in premenstrual syndrome, 634, 664
- CA125 antigen, as marker in gynecologic cancers, 45
- Caffeine intake, and premenstrual syndrome, 634, 676
- Calcitonin
- gene-related peptide levels in preeclampsia, 328
- therapy in osteoporosis, 901, 913

Page numbers listed are those on which relevant article begins.

- Calcitriol therapy, in osteoporosis, 901
- Calcium
affecting uterine contractility, 494
intake of
and osteoporosis prevention, 901, 913
and premenstrual syndrome, 634, 676
platelet, in preeclampsia, 360
urinary, in preeclampsia prediction, 360
- Cameras, video, in operative hysteroscopy, 218
- Cancer, gynecologic. *See* Tumors
- Carbohydrate intake, and premenstrual syndrome, 634, 676
- Carbon dioxide for distention of uterus in hysteroscopy, 216, 227, 272, 273, 283
complications from, 258
- Cardiac output in preeclampsia, 375
- Cardiopulmonary arrest, in preeclampsia, 410
- Cardiovascular disease, postmenopausal estrogen therapy affecting, 894
- Cerebral edema, in preeclampsia, 514
- Cervix uteri
cancer of
and Bethesda system for cervical/vaginal cytologic diagnoses, 22
integration of CT and MRI for treatment planning in, 55
and molecular biologic screening for papillomavirus, 13, 22
self-administered screening for, 3
tumor markers in, 45

ripening of, 476
mechanical methods in, 476
medical methods in, 476
- Cesarean section
anesthesia for, in preeclampsia, 421
incidence in dystocia, 464
in postdates pregnancy, 150
vaginal birth after, 445
- Cholesterol levels, postmenopausal estrogen therapy affecting, 894
- Chorionic gonadotropin, as marker for gestational trophoblastic disease, 45
- Chromosome abnormalities, fetal growth in, 99, 119
and karyotyping with cordocentesis sample, 126
- Circadian rhythms, and premenstrual syndrome, 599, 634
- Clinical trials, ethical issues in, 837
- Clomiphene, as therapy for menopausal symptoms, 884
- Clomipramine, in premenstrual syndrome, 634, 664
- Clonidine
for menopausal symptoms, 884
in premenstrual syndrome, 664
- Coagulation system
normal hemostasis in, 338
in normal pregnancy, 340
in preeclampsia, 325, 340
anesthetic implications of, 415
regulatory mechanisms in, 339
- Cocaine use in pregnancy, and ethical challenges in medical care, 803
- Computed tomography
integration with MRI in cancer treatment planning, 55
in pelvimetry, 570
- Congenital anomalies
and intrauterine growth retardation, 99
management in third trimester, 792
- Connexins, in uterine excitation-contraction coupling, 494
- Contraception, in women aged 40 and older, 855
- Contraceptives, oral, in premenstrual syndrome, 634, 655
- Copper role in premenstrual syndrome, 676
- Cordocentesis, in intrauterine growth retardation, 126
- Corticosteroid therapy, and osteoporosis, 901
- Cortisol levels, in premenstrual syndrome, 587, 599
- Cryopreservation of preembryos, ethical issues in, 749
- Crystalloids, for distention of uterus in hysteroscopy, 217
- Cytokines, as markers in gynecologic cancers, 45
- Cytology
cervical and vaginal
Bethesda classification system in, 22
and MY-PAP self-administered device for cancer screening, 3
interpretation of fine-needle aspirates in, 73
intrauterine, in endometrial cancer diagnosis, 28
- Dairy product intake, and premenstrual syndrome, 676
- Danazol
for menopausal symptoms, 884
in premenstrual syndrome, 634, 655
- Densitometry, in osteoporosis diagnosis, 901, 913
- Depression
in premenstrual syndrome, 587, 599, 612
serotonin metabolism in, 626
- Dextran-70, for distention of uterus in hysteroscopy, 217, 227, 272, 273, 283
complications from, 258
- Dextrose 5%, for distention of uterus in hysteroscopy, 243, 283
- Diabetes mellitus, pregnancy in
and macrosomic fetus, 138. *See also* Macrosomia
uteroplacental blood flow in, 108
- Diazepam, in eclamptic seizures, 366, 369
- Diet. *See* Nutrition
- Dilapan, for cervical ripening, 476
- Dilatation and curettage (D&C), diagnostic value of, 28
- Diuretics, in premenstrual syndrome, 634
- DNA, papillomavirus, hybridization techniques, 13, 22
- Doppler flow velocimetry in pregnancy, 155, 357, 387
in hypertension, 387
in intrauterine growth retardation, 126, 155
in preeclampsia prediction, 357
